

1. FN 1 Case is provided with polyurethane foam in base and convoluted foam in lid. Seller will establish position of contents within base that provides protection and will cut out foam to firmly retain contents. FN 2 Indicator and FN 3 Magnetic Base and Clamps/Rods shall be retained inside original packaging. Turn in adjusting screw on FN 4 Clamps to achieve minimum packing size.
2. Apply Buyer-furnished FN 6 Nameplate on top side of Case.
